

1. PARTY IDEOLOGY — Inclusive Social Democracy

ADEK TATU believes in an inclusive social democracy founded on equality, accountable leadership, economic opportunity and national unity.

We believe that every Kenyan, regardless of region, ethnicity, gender, age, disability, religion or economic background, deserves an equal opportunity to participate in national development and benefit from Kenya's prosperity.

Our ideology combines democratic governance with a productive and competitive economy, while recognizing government's responsibility to provide quality education, healthcare, infrastructure, social protection and opportunities for those who are vulnerable or marginalized.

ADEK TATU therefore stands for people-centred development, equality of opportunity, responsible enterprise, social justice, devolution, integrity in leadership and the equitable sharing of national resources.

2. VISION

A united, democratic and prosperous Kenya where every citizen has an equal opportunity to succeed and live with dignity.

3. CORE VALUES — TATU

TATU is the centrepiece of the party's values;

- **Teamwork** — We believe Kenya succeeds when citizens, communities and leaders work together across ethnic, regional, generational and political differences.
- **Accountability** — We believe leaders must be answerable to the people and exercise public authority responsibly, honestly and in accordance with the Constitution.
- **Transparency** — We promote openness in leadership, decision-making and the management of public resources, with zero tolerance for corruption.
- **Unity** — We believe Kenya's diversity is a source of strength and will promote national cohesion, inclusion, equality and peaceful coexistence.
